SUMMARY:

B.Tech student in Electronics and Telecommunication Engineering with a strong foundation in networking, Java development, and enterprise IT infrastructure. Certified in CCNA 200-301 Network Fundamentals, with hands-on experience in routing, switching, subnetting, and network security. Skilled in Java, SDLC, and Agile methodologies. Recently designed and simulated a secure, scalable enterprise network for a payment processing environment, focusing on high availability and security compliance. Committed to delivering reliable and secure solutions aligned with fintech industry standards.

EDUCATION:

G.H. Rasoni College of Engineering And Management Pune, Maharashtra
2022 - 26

B. Tech in Electronic and Telecommunication | (CGPA: 8.31 / 10)

Minor Degree in Data Preparation and Analytics

Matoshri Sarubai Mane Mahavidyalaya Pandharpur, Maharashtra
2020 - 21

12th | MSBSHSE (Percentage: 91.20%)

K.D High School, Pusad Yavatmal, Maharashtra
2018 - 19

10th | MSBSHSE (Percentage: 85.60%)

TECHNICAL SKILLS:

Programming: Java, Python, C++, PHP

Web Technologies: HTML, CSS, JavaScript, React

Databases: MySQL, PostgreSQL

Tools: Cisco Packet Tracer, Git, VS Code

Concepts: SDLC, Agile, DSA, Enterprise Architecture, Network Simulation

Networking & Security: TCP/IP, Routing, Switching, VLAN, Subnetting, Firewalls, Redundancy

PROJECTS:

Secure and Scalable Network Design for a Payment Processing Environment

Successfully built a secure, scalable, and reliable network simulation, emphasizing high availability, network segmentation, and security compliance for the fintech domain.

Designed and simulated a redundant enterprise network architecture tailored for a payment environment using Cisco Packet Tracer.

Implemented firewalls, VLANs, and redundancy protocols to support continuous and secure payment processing operations.

Project aligns with payment industry standards for security and reliability.

CERTIFICATIONS:

CCNA 200-301: Network Course

Infosys Springboard ? DSA using Java, Software Engineering & Agile, Programming using Java

Udemy ? Quantization for GenAI Model, Web Development, Python

ACCA + CIMB Group ? Sustainability in Banking Job Simulation

Goldman Sachs ? Operations Job Simulation

COURSES:

IEEE Workshop ? Artificial Intelligence at GH Rasoni College

IBM ? Enterprise Data Science

IBM ? Threat Intelligence and Hunting
